## COUNTER GUARANTEES BY THE ALLIES FOR RETURN OF COLONIES SUGGESTED

Feeling Among the War Lords is Voiced by the Cologne Gazette; Austria Decides to Introduce Autonomy to Make Wilson's Stipulation Accomplished Fact.

### SEVERING OF AUSTRIA AND HUNGARY PROPOSED

By Associated Press.  
BASEL, Switzerland, Oct. 10.—"Only military reasons could compel us to accept President Wilson's conditions," says the Cologne Gazette in commenting on the American reply to the German peace offer. "It is possible Germany may require counter guarantees, for example the evacuation of the colonies occupied by the Allies."  
"The political and military authorities of the empire now are going to debate these questions. It is probable the chancellor will present to the reichstag the result of these deliberations. For the moment the hour is too grave to permit of supposition."

**AUSTRIA ANXIOUS; TROUBLE BREWS.**  
LONDON, Oct. 10.—It is reported from Vienna that the Austro-Hungarian ministerial council has decided to introduce national autonomy "in order to make President Wilson's stipulations an accomplished fact," says an Exchange Telegraph dispatch from Copenhagen today.

The Czech party did not take part in the deliberations, the dispatch adds. It is holding an important meeting today.  
A movement favoring a proclamation separating Hungary and Austria is making extremely rapid progress among the public in the dual monarchy, according to an Exchange Telegraph dispatch from Zurich.

In addition American airplanes yesterday destroyed or brought down five German machines and one balloon. They also took a great number of photographs and dropped newspapers to the American troops.

### MOUNT PLEASANT BOARD OF HEALTH FIRED BY ROYER

Officers Decline to Obey Order to Remove Lock From Club Door.

#### DR. HORNER IN CHARGE

Controversy Between Board of Health and Elks Is Given Sudden Twist; President Shear Declares He Is Through With the Matter.

Special to The Courier.  
MOUNT PLEASANT, Oct. 10.—The controversy between the Board of Health and the Elks over the locking of the door of the Elks club by President J. W. Shear and Secretary M. A. King, with the approval of the board, reached an acute stage this morning when Dr. B. Franklin Royer, state commissioner of health, ordered the health board officials to remove the lock and when they flatly refused to do so declared the board dissolved, placing Dr. M. W. Horner in charge of the town's health department.

On the strength of a report submitted to the commissioner by telephone by Dr. Shear that the club was not abiding by the ruling prohibiting clubs being open during the prevalence of Spanish influenza, the state commissioner on Monday ordered the forcible closing of the club and placing the lock there. The order was obeyed in the face of strong protest by members of the club.  
This morning Dr. Royer called the president and secretary by telephone and asked them to remove the lock. Both declined to do so, it is stated. Later, it is understood, Dr. Royer again called and informed President Shear that the board was dissolved and Dr. Horner would henceforth be in charge. It is said under the circumstances the health commissioner has this arbitrary power. Dr. Horner, it is said, had intervened in behalf of the club with a view to having the lock removed.

Dr. Shear is quoted as saying that he is through with the matter. Among the members of the club it is said there is division. Although they did not care to have their names used in favor of strict obedience of the order closing all clubs.  
Italian and Slavish clubs have been collecting dues and transacting other business outside the doors. The Moose have opened a temporary business office in another building.

The men struck because of the discharge of a fellow employee and later demanded an eight-hour day with time and a half for overtime, agreeing to work 10 hours. The discharged employee elsewhere and the working day demand was adjusted at eight hours with time and a half for an extra hour.

#### POLISH WEDDING PARTY TOSSED INTO SULPHUR CREEK NEAR SCOTSDALE

Special to The Courier.  
SCOTSDALE, Oct. 10.—A wedding party on its way from Donnelly to the Polish church at Eversen yesterday came to grief at the bridge at North Chestnut street, when the automobile went over the bridge and threw the entire party into the sulphur creek, members of the party looking more like Indians, covered as they were with sulphur water and mud, than Caucasians. They marched in Chestnut street and hunted up Simon Miller, who was able to see that the bride was wearing a new veil, at least, to brighten up the party. Very much dejected and with tears in her eyes the bride marched down the aisle and the wedding ceremony was performed.

#### MORE 110TH BOYS' NAMES AMONG THE LIST OF WOUNDED

Two Others of Medical Detachment Are Victims of Hun Bombers.

#### COMPANY E BOY IS HIT

Telegrams from the War Department continue to carry news of the wounding of members of the 110th Medical Detachment, presumably when their dressing station was bombed by the Germans, as was told in The Courier yesterday.  
Mr. and Mrs. W. K. Highberger, formerly of Connellsville, now of Greensburg, received word Tuesday morning that their son, Frank Highberger, a member of the Medical Detachment, had been wounded on that date. Highberger formerly resided in Connellsville, his father at one time being Pennsylvania ticket agent here. The young soldier enlisted in Connellsville. He is well known here.  
Mrs. W. J. Shidler of Westland, Washington county, has been notified by the War Department that her husband, Captain W. J. Shidler, of the Medical Detachment of the 110th Infantry, was wounded on September 8. This was the second time he was wounded. The first one was slight, he dressing it himself.  
Myer Posner, of Mount Pleasant, received a telegram this morning saying that Private Sol Jacobson, member of Company E, 110th Infantry, was wounded on September 8. The degree of the wound has not been determined, the message said. Private Jacobson enlisted at the time of the entry of the United States into the war. He had previously been employed in George Teitelbaum's clothing store at Mount Pleasant.

Mrs. Henry W. Conter of Greensburg received a letter from her husband, Lieutenant Colonel Conter, stating that he had entirely recovered from his slight wound and is again back with his regiment.

Mrs. Belle Long of Ventburg, received a telegram October 1 that her son, Arthur T. Long, who had been missing since August 12, had died in a base hospital in France of pneumonia.

Word has been received by Mrs. Robert Swift of Brownsville from the War Department that her son, Samuel Earl Swift, was killed in action in France on September 24. The young soldier left Brownsville for Camp Lee early in July and was only there a short time when he was sent overseas.

Mr. and Mrs. William Clarkson of 22 Fourth avenue, Scottsdale, received a telegram from the War Department telling that their son, James Clarkson, formerly a member of Company E of Mount Pleasant, and now attached to Company G, was wounded in action September 4.

#### LOCAL RED CROSS WILL CO-OPERATE TO COMBAT GRIP

Has Appointed a Committee to Have Charge of Work in the City.

#### ALL NURSES WILL BE PAID

For Volunteer Services: Height of the Epidemic Reached for Present, Says Dr. Francis; All Schools in County Are Ordered Closed Immediately.

In order to do all that is possible to be done to meet the situation created by the prevalence of influenza in its various forms in the city T. J. Hooper, chairman of the Connellsville branch of the Red Cross announces that the local organization desires to co-operate in every way with the board of health.

A committee of competent persons will be placed in charge of the work at once. An appeal is made for nurses, nurses aids and practical nurses to volunteer their services in the emergency. They will be properly remunerated by the Red Cross. Persons desiring to help are asked to notify Mr. Hooper, or the headquarters of the Fayette County chapter in Uniontown, by letter or telephone.

Chairman Hooper this afternoon announced the membership of the special committee as follows: Mrs. A. B. Hood, chairman; Mrs. L. P. McCormick and Dr. Katherine Waterfield. That the epidemic of Spanish influenza in this city has reached its height, at least for the present, is the opinion of Dr. T. R. Francis, president of the board of health. No additional cases of a serious nature have been reported, although doctors have some more patients with slight colds.

The school attendance is being maintained and no spread has developed in any of the buildings. The board of health has taken no action on the closing of the institutions and it is not likely school will be discontinued unless new developments arise. The Uniontown schools were closed yesterday by action of the school board, but in this city the school authorities are co-operating with the board of health and it is not likely action will be taken unless so ordered by the board.

In Uniontown, following the closing of the schools, the board of health has ordered the discontinuance of church services. Services in the local churches are still being held however, the health authorities here having issued no instructions to stop them. The cases under the care of the physicians at present are doing nicely it is reported.

Some exaggerated reports have been in circulation as to the wide prevalence of the Spanish influenza at the coke works. The loss of 5,000 tons in the production of coke and 27,000 tons of coal last week has been attributed to this cause, but late information from different quarters indicate that the malady has had only very slight influence in reducing output. There are a number of cases scattered throughout the region but not sufficient at any single place to affect plant operation to any considerable extent. At Continental No. 1 there are several cases but they are confined largely to the women and children of the workers' families.

## CORRESPONDENT WITH 110TH RELATES INCIDENTS OF MT. PLEASANT BOYS ON THE VESLE

Piece of Shrapnel Dents Grenade in George Hyde's Pocket.

### TIN HAT IS MUCH PRIZED

"Coxy" John Freiburg Wouldn't Take Thousand Dollars for His; Coxy Tells How One Feels to Be Bombarded by Hun's Gun Forwarders.

Interesting incidents about Mount Pleasant boys with the 110th Infantry on the Vesle river front are told by Herbert Coxy, correspondent at the front of the Pittsburgh Chronicle-Telegraph.

His friends wanted Corporal George Hyde, of Mount Pleasant, to tell about the time that he "hid out" for 36 hours in a hole in the side of the railroad embankment, on the chance of getting information, says Coxy. But Hyde had something more important on his mind. That morning in shell fire—

"And a piece of shrapnel hit the cap of a grenade I had in my hip pocket and dented it," said he. "What do you know about that? You ought to have seen me throw that grenade away!"

There was some loud talking over near the water cart. "Coxy" John Freiburg, of Mount Pleasant, was looking for his tin hat.

"I wouldn't take one thousand dollars for that tin hat," he said, over and over. "Not one thousand dollars!"

"You can get plenty more," I suggested.

"That's my hat," said "Coxy," obstinately. "It's been too good a friend of mine to sell it. Anyhow—what could I do with a thousand dollars in this country?"

He has thought deeply on war. "Coxy" has. His reasoned conclusion is that one must never share a hole with any one else.

"You know how it is," said he. "These holes are not too big, anyhow. You like to coil up in 'em like a rope. You're all right if you're alone—nothing is going to hurt you. But you get some one else in there and he gets nervous—and, you know how it is—that get you up in the air and first thing you know you're done for."

He told of Germans shipping with their one-pounder cannons and 77s. The 77s he did not mind so much. You heard the shell coming in time to duck, and that relieved your mind. But there was no chance with a one-pounder. "A 77 shell," said he, "comes 'secco'—wwwaaa—bam! But a one-pounder doesn't make that sort of a noise at all. It just says:—

"ED—BLOWIE!"

Everyone was sure that the Americans "have it on" the Germans. "Coxy" told of Germans who made little white flags and carried them at all times, so that if they got into a fight they could wave them. They're afraid they don't know what "tattered" means," said he. "Of course we do. I told one of them so one night."

"How did you tell him?" I asked incredulously.

"Across the railroad embankment," said Coxy. "He was all right, too. He beat it across when he got a chance and we took him prisoner."

This was not the only experience of the sort the boys had to tell. Andrew Wilson, cook of Mount Pleasant, had the story of the New York banker. Wilson insisted that the word "cook" be added to his name.

Wilson thinks it would be easy enough to get prisoners if the boys were to make a real effort. "You can hear them calling from their lines at night: 'American, American.' Of course, you've got to be careful with them. Some of them just want to put it on you."

He thinks that many would desert, however, if it were not that their officers tell them the Americans kill all the prisoners they take. "Now and then one of them makes a dive for our lines and comes through. Of course, it's risky, because unless we know he's coming we take a shot at him, and the German officer nearest to him is sure to try to drop him." Wilson has one fine scheme for propaganda.

Many of the Germans on the 110th's front spoke English. Some times friendly groups confronted each other, and chatted across the line, each group well under cover. On one occasion a German kept calling for his pal, who had apparently been killed by the American machine gun fire.

"Rudolf, Rudolf," he cried. "Where are you?"

"Don't be a boob, Jerry," some one called to him. "You keep your head down, or I'll blow it off, too. I had a chance the last time you stuck it up."

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have  
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a flat, no-need feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

## SAFEGUARDING THE SOLDIER FROM EMOTIONAL, INNOCENT GIRL IS Y. W. C. A. PROBLEM

How shall we safeguard the moral of the soldiers?

How shall we protect him from the innocent emotional girl who is eager to help the man in uniform?

How can we make the community safe against the tremendous wave of hysterical patriotism that endangers men and young girls alike?

These are the problems which are confronting the Social Morality committee of the Young Women's Christian Association.

They are attempting to solve them by a series of lectures for young girls.

Dr. Anna L. Brown, chairman of the committee, has defined women's greatest part in the war as "Helping to safeguard the morals of the soldier." "This means guarding the soldier from himself as well as from the dangers against which the government makes provision to protect him," Dr. Brown said.

Girls all over the United States, white and black, are being told what they must do to help the soldiers, why they must do it, and how they must do it. The Young Women's Christian Association has its War Work Council, a committee on social morality, with a staff of physicians who are touring the country giving lectures to girls in cities and towns. More than 60,000 girls and young

women have already been reached by these lectures.

Thirty states have been toured by the physicians lecturing to girls on behalf of their soldier brothers and themselves. Churches, clubhouses and factories have been given as lecture halls and the lecturers have been welcomed in all communities. In more than one city department store women have given time in working hours for the girls.

The lectures are meant for the girls who live near camp communities, who have not had sufficient or proper training in sex matters at home, and who have that impulse to help the soldiers they meet, which so often guides them in the wrong direction. The speakers talk simply and directly to the girls and have found them responsive and eager to cooperate.

The girls whom the committee is trying particularly to reach, the lecturers say, are those who are innocent, emotional and in most cases actually ignorant. The young girls in their teens, who have had little social training and are anxious to please the soldiers are carried away emotionally by the sight of the uniform and what it stands for in their minds and are unconscious of doing the men themselves a wrong by the innocent lures they practice.

## SCOTSDALE IS PREPARING TO CONTEST RATES

Fight Against Water Company Before Public Service Commission.

## HEARING AT HOME IS SOUGHT

Two More Nurses Leave for Philadelphia to Aid in Battle There Against Spanish Influenza; Students Home Because of Plague Epidemic; Notes.

(To the public:—Items for the Scotland column of The Courier or of interest generally may be left at Ruth-erford's News Stand, Pittsburg street. They will receive prompt attention. They must be written and should be carefully prepared, using one side of the paper only, in order to insure correct publication. Especial care should be used with proper names. Special to The Courier.

SCOTSDALE, Oct. 10.—The Scotland council at its meeting last night decided that a fight would be made against increase in rates by the Citizens Water company; and also decided that it was possible an effort would be made to have the Public Service Commission hold a hearing at Scotland so that all the citizens who wish might protest. The proposed increase in the water rates of the borough would be about \$2,130 a year. The water up until this time has cost the borough about \$2,870 a year and under the rates proposed to charge would reach about \$5,000 a year.

Messrs. Finnerty and Camlin were appointed to represent council at the meeting of the proposed organization of a Scotland Community War Service board.

The treasurer's report showed the following: General fund, \$7,349.81; paving fund, \$5,432.77; water fund, \$3,432.77; garbage fund, \$4,474.11; sinking fund, \$8,614.17; making a total of \$29,303.63.

Garbage Collector Harry Newcomer's salary was raised from \$3.50 to \$3.75 per day.

## HEALED BY CUTICURA SOAP AND OINTMENT

"My little girl's trouble began from a tooth rash until she had a solid scale the width of her forehead, all over her head, and on both cheeks. "The trouble lasted about two and one-half months, before we used Cuticura Soap and Ointment. When we used one cake of Cuticura Soap and one and one-half boxes of Ointment she was healed." (Signed) Mrs. Daniel F. Stine, Vine St., Williamstown, Pa., Oct. 10, 1917.

#### Many Economical Women Are Buying Fall Dress Goods

Wisely, too, both on the score of economy and because of the scarcity of wool.

Naturally the most popular are light-weight woolen fabrics such as a fine soft worst serge at \$2.50 a yard for a dress or even a coat suit, and it will prove a valuable asset to the Winter wardrobe.

In dark blue or copeland, plum, brown, olive green, wine or grey, 44 inches wide.

More popular for afternoon dresses is a lovely silk crepe de chine 40 inches wide and \$2.50 a yard. It is most reasonably priced and comes in navy, copon, light blue, jade, beige, brown and wistaria.

#### Children's Sturdy Tan Stockings 50c and 60c a Pair

They are of fine ribbed cotton, sturdily made, with the wearing parts well reinforced. They are second quality, but the imperfections are not enough to hurt their wear. Sizes 6 to 9.

#### A Hint to the Wise—

#### Blankets, Quilts!

#### New Wash Satin Specially Good at \$2.25

This is a washable silk satin in pink which, at present market prices, would be good at one-third more than today's selling price. 35 inches wide. We repeat—specially good at \$2.25 a yard.
